

Bunny, Bunny, Easter Bunny!

A great Easter-themed warm up or cool down game.

This game follows the same rules as the popular game 'Duck, Duck, Goose!' but uses the wording 'Bunny, Bunny, Easter Bunny!'

Instructions

- Sit children in one large circle.
- Select one child.
- Instruct child to walk round the outside of the circle, placing their hand on each child's head as they pass them. They say 'Bunny' when touching a child's head. If they want a child to chase them they say 'Easter Bunny'.
- When being chased, the child must try to run the whole way around the circle and sit back in the spot where the child who was chasing them was sitting.
- If they make it the whole way around and sit down without being caught, they win.
- If they get caught by their chaser before they sit down, the chaser is the winner.
- The chaser now walks around the outside of the circle, placing their hand on each child's head calling 'Bunny' or 'Easter Bunny'.
- Continue the game until all children have had a turn.
