

# Caterpillar Life Cycle Song

*(Sing to the tune of 'Mary had a little lamb')*

A caterpillar has 12 eyes,  
Has 12 eyes, has 12 eyes.  
A caterpillar has 12 eyes,  
So that he can see!

A caterpillar chews on leaves,  
Chews on leaves, chews on leaves.  
A caterpillar chews on leaves,  
To get some energy!

Now he rests in a cocoon,  
A cocoon, a cocoon.  
Now he rests in a cocoon,  
And becomes a butterfly!!
