## **Caterpillar Life Cycle Song**

(Sing to the tune of 'Mary had a little lamb'.)

A caterpillar has 12 eyes, Has 12 eyes, has 12 eyes. A caterpillar has 12 eyes, So that he can see!

A caterpillar chews on leaves, Chews on leaves, chews on leaves. A caterpillar chews on leaves, To get some energy!

> Now he rests in a cocoon, A cocoon, a cocoon. Now he rests in a cocoon, And becomes a butterfly!!
