

HOW TO DYE PASTA

YOU WILL NEED:

- Small pasta
- Vinegar
- Food Coloring
- Fun sensory bin items like these unicorns.
- Scoops and small cups for dumping and filling

STEP 1: Measure 1 Cup of pasta into a container. You can do more if desired just adjust the measurements. Or you can do several colours of pasta in different containers and mix them together for a rainbow pasta theme!

STEP 2: Next add 1 Teaspoon of Vinegar.

STEP 3: Now add as much food colouring as desired (deeper colour = more food colouring).

STEP 4: Cover the container and shake vigorously for a minute or two. Check to see if the pasta is evenly coated!

STEP 5: Spread on paper towel or plate to dry in an even layer.

STEP 6: Once the coloured pasta is dry, use for sensory play.
