

Shape for a Purpose

# What shape would you use to make a table?

Point to a shape and name it.

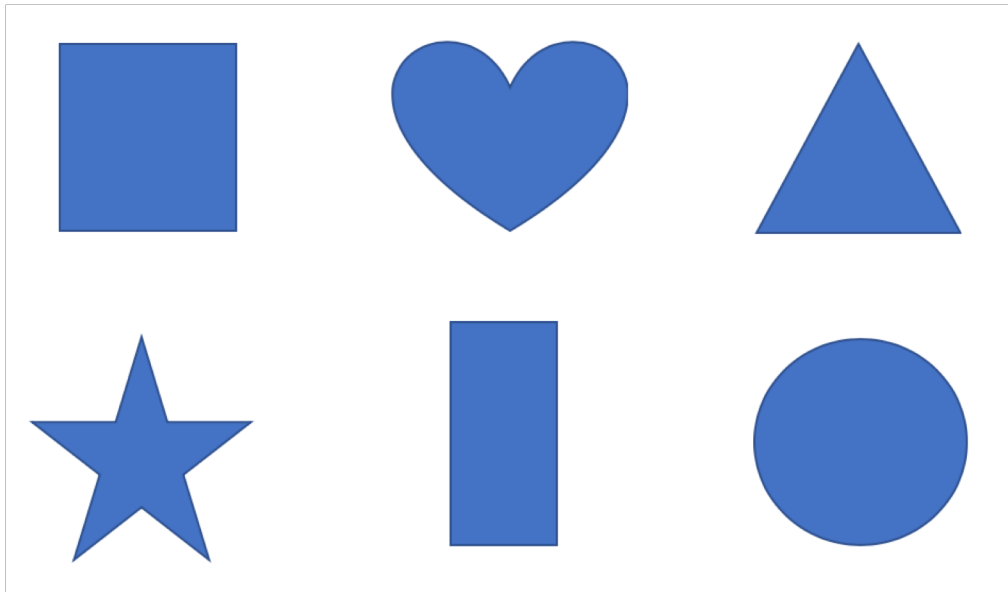

Why do you think this shape would work best?

# Are there any other shapes that you could use to make a table?

Point to a shape and name it.

Do you think this shape will work too?  
Why? Why not?

# What shape would you use to make a bottle top?

Point to a shape and name it.

Why do you think this shape would work best?

Are there any other shapes that you could use to make a **bottle top**?

Point to a shape and name it.

Do you think this shape will work too?  
Why? Why not?

# What shape would you use to make a lid for this box?

Point to a shape and name it.

Why do you think this shape would work best?

Are there any other shapes that you could use to make a lid for this box?

Point to a shape and name it.

Do you think this shape will work too?  
Why? Why not?

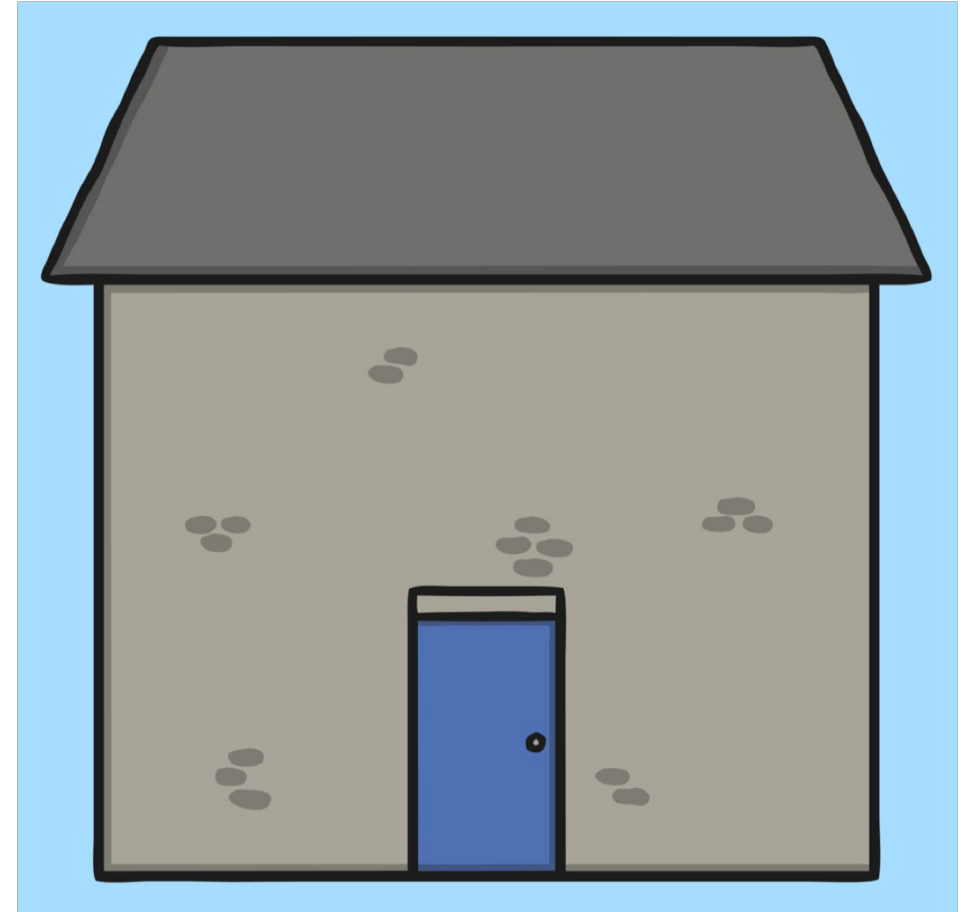

# What shape would you use to make a window?

Point to a shape and name it.

Why do you think this shape would work best?

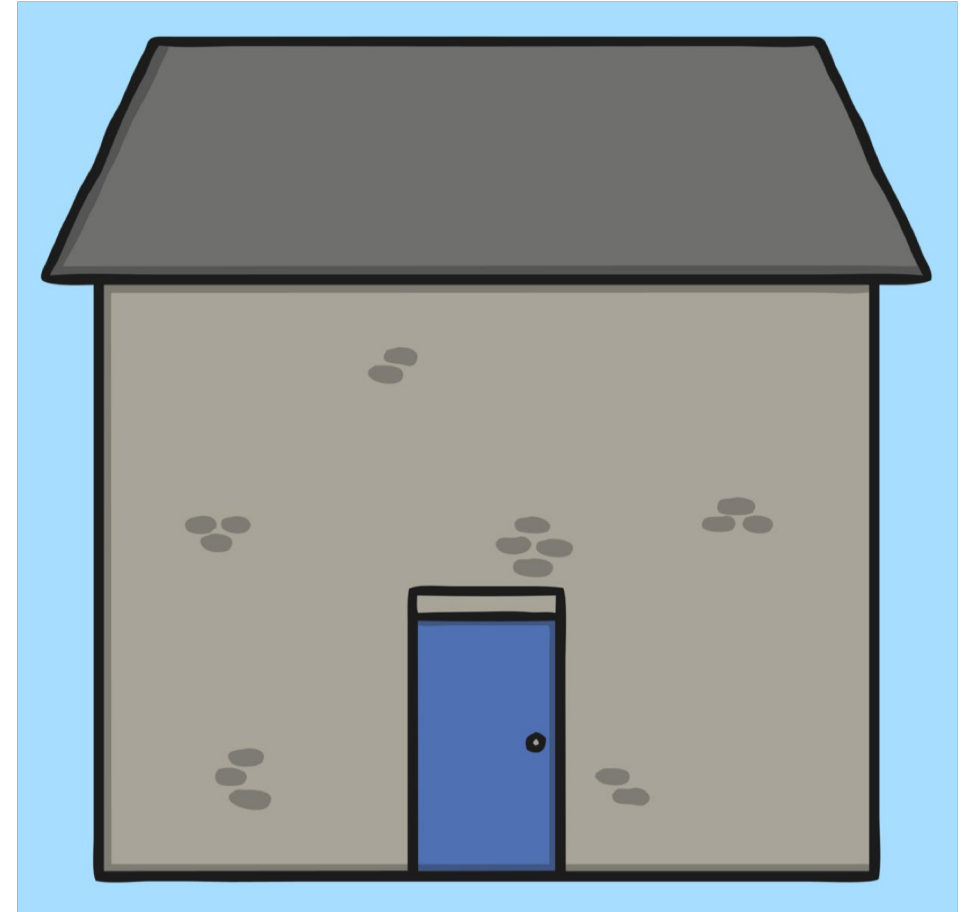

Are there any other shapes that you could use to make a window?

Point to a shape and name it.

Do you think this shape will work too?  
Why? Why not?

# What shape would you use to make a wheel?

Point to a shape and name it.

Why do you think this shape would work best?

Are there any other shapes that you could use to make a wheel?

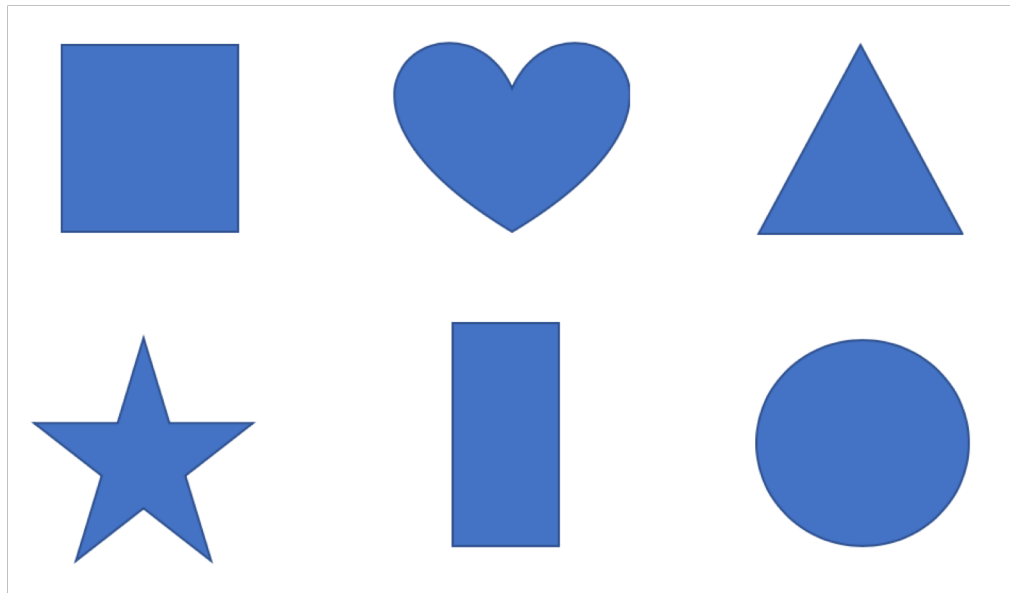

Point to a shape and name it.

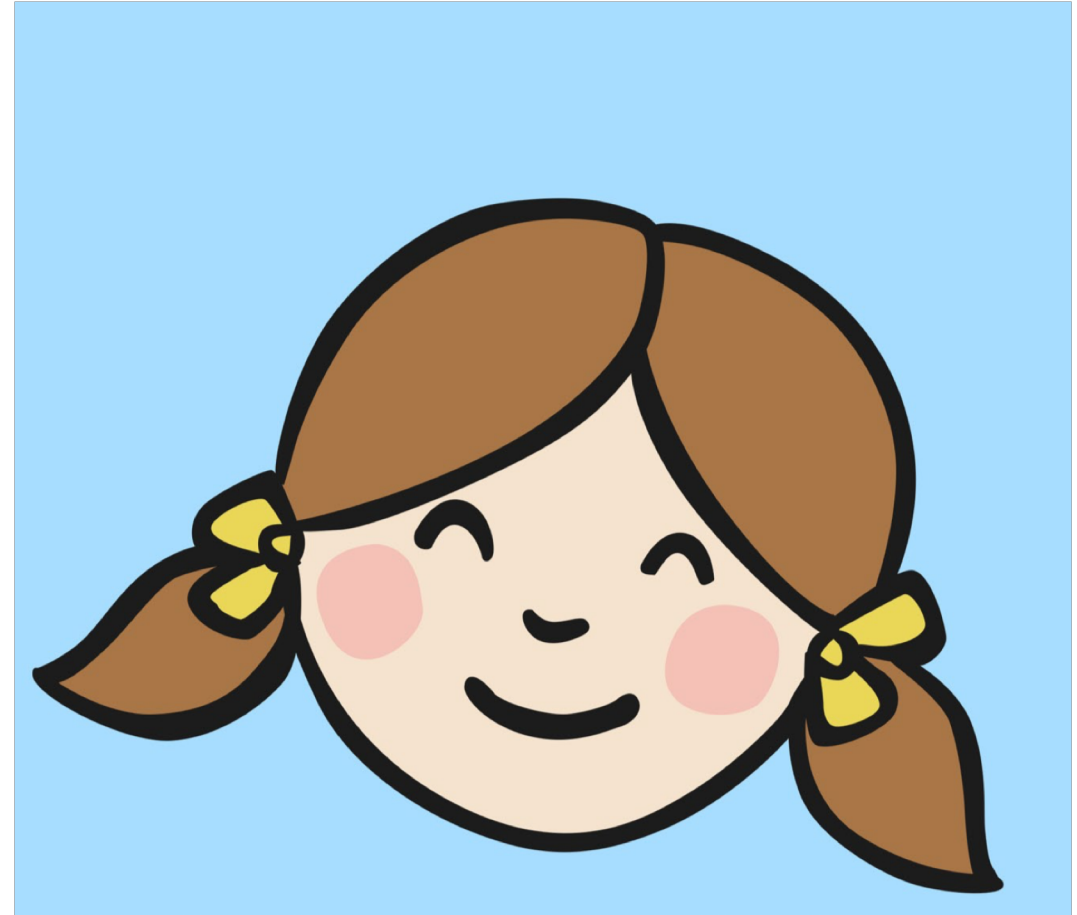

Do you think this shape will work too?  
Why? Why not?

# What shape would you use to make a party hat?

Point to a shape and name it.

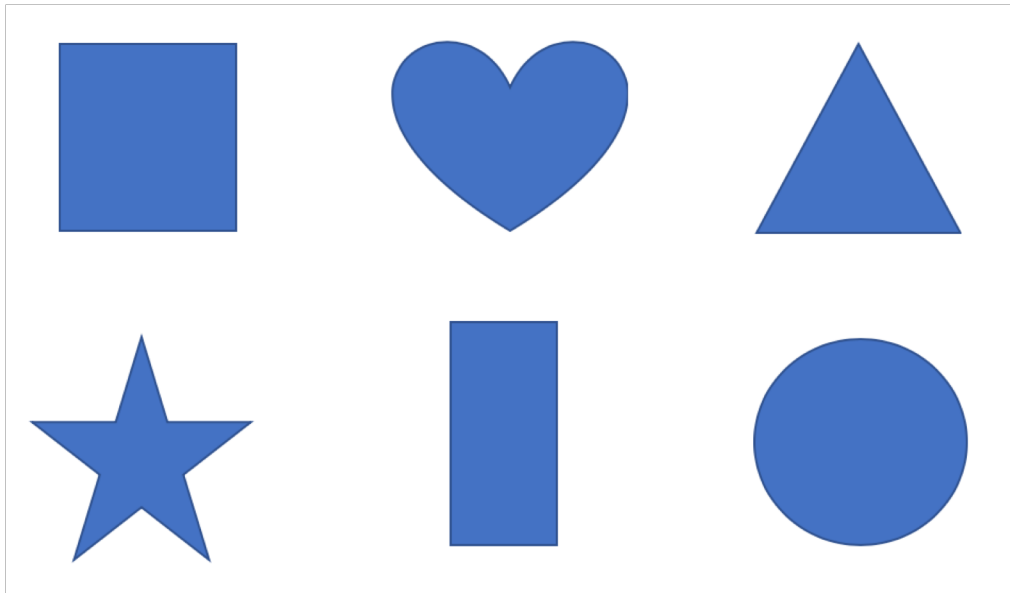

Why do you think this shape would work best?

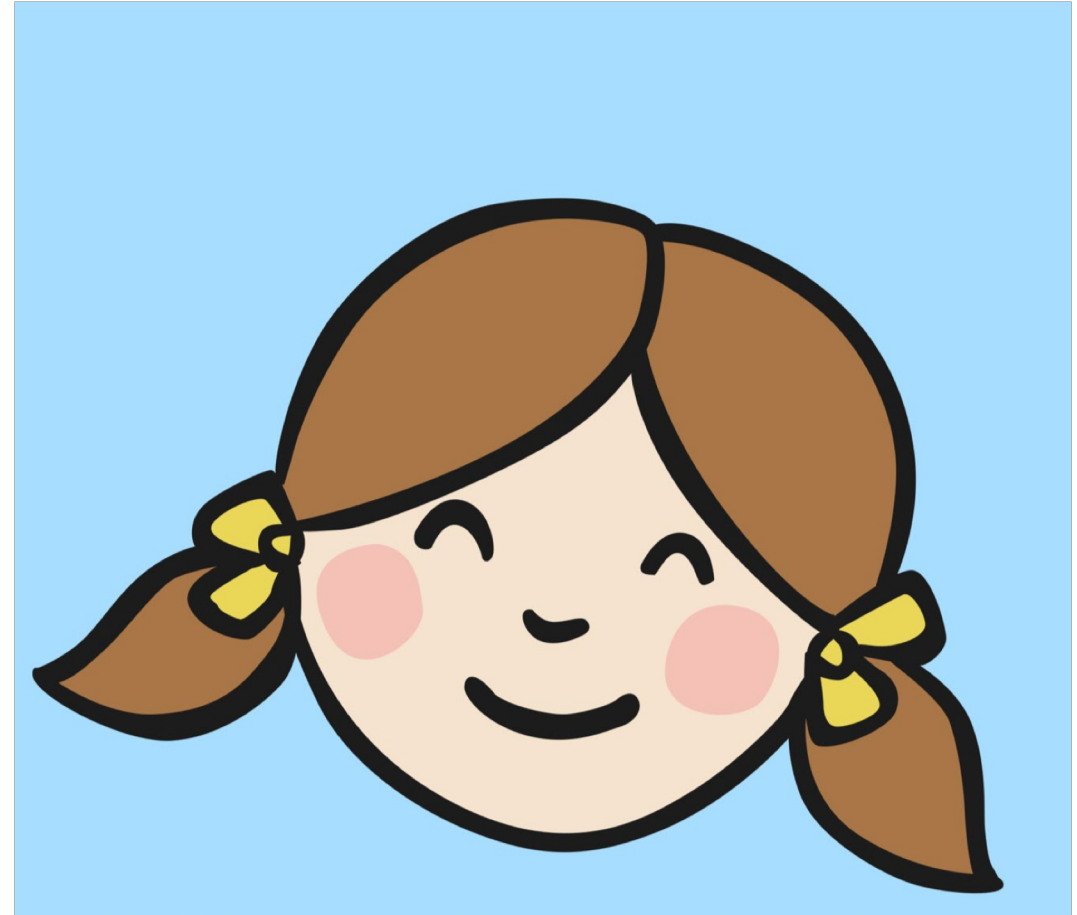

Are there any other shapes that you could use to make a party hat?

Point to a shape and name it.

Do you think this shape will work too? Why?  
Why not?

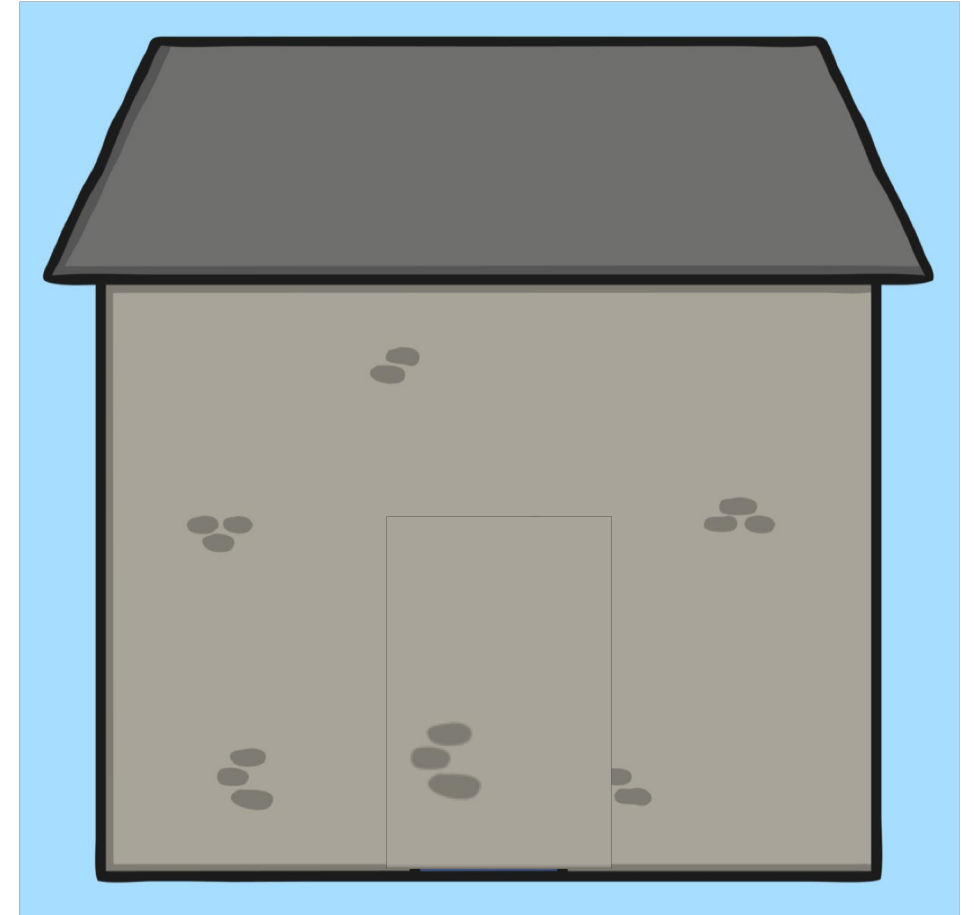

# What shape would you use to make a door?

Point to a shape and name it.

Why do you think this shape would work best?

Are there any other shapes that you could use to make a door?

Point to a shape and name it.

Do you think this shape will work too?  
Why? Why not?
