

Who Will Fight the Dragon Song

(Sing to the tune of 'London Bridge is Falling Down'.)

twinkl

Who will fight the fierce dragon,

Fierce dragon, fierce dragon.

Who will fight the fierce dragon?

We need a knight!

Quick, he's breathing lots of fire,

Lots of fire, lots of fire.

Quick, he's breathing lots of fire,

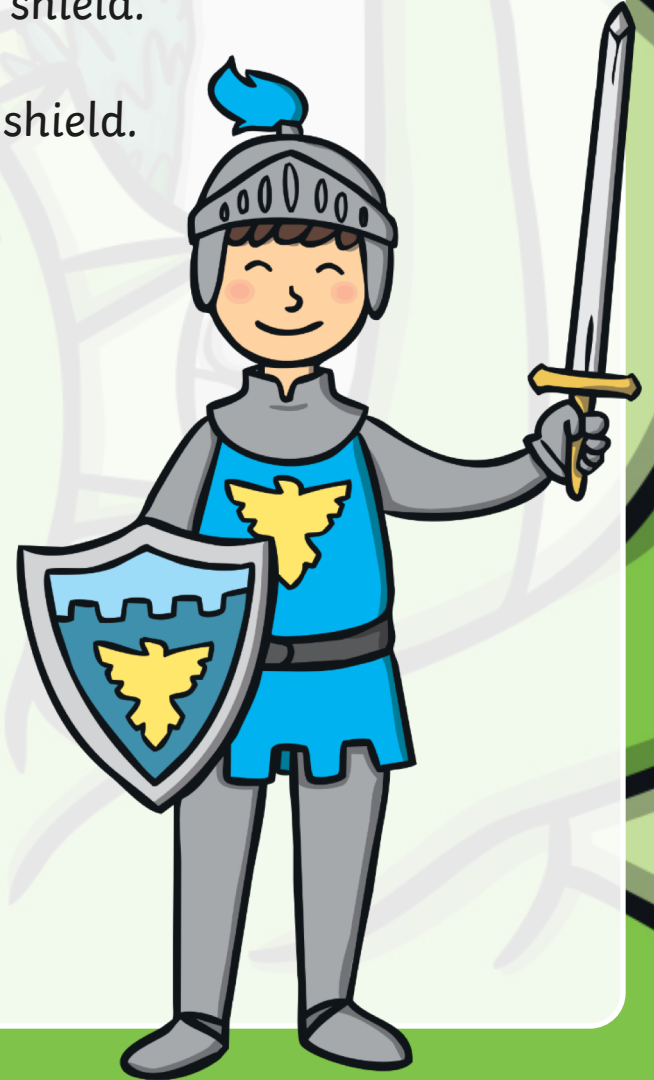

We need a knight!

Don't forget your sword and shield,
Sword and shield, sword and shield.

Don't forget your sword and shield.

Get them quickly!

Hooray! Now the dragon's gone!

Dragon's gone, dragon's gone!

Hooray! Now the dragon's gone!

What a brave knight!
